Sub : Inviting participation at 'Virtual edition of Texworld, Apparel Sourcing & Home Textile Sourcing, New York City, USA' from 20 to 22 July, 2021

Dear Member,

The Council proposes to organize group participation **at Virtual edition of Texworld / Apparel Sourcing / Home Textiles Sourcing, New York City, USA during July 2021.**

Texworld New York City, Apparel Sourcing New York City and Home Textiles Sourcing provide a dedicated sourcing marketplace for American brands, retailers, wholesalers, independent design firms and buying agencies to find the best domestic and overseas apparel fabric, finished apparel manufacturers and fabric soft finished goods for home. It is the only event on the East Coast to focus on sourcing fabrics at a high quality-to-affordable price relationship. It is also the largest event in North America offering the widest selection of apparel and home fabrics directly from the manufacturers.

The largest sourcing event on the east coast returns to the Javits Center in July 2021 with new dates, a new name, and **three ways to participate**. Messe Frankfurt North America is bridging the gap between physical and virtual events by introducing a Pop-Up Sourcing Showcase at its New York Textile shows.

The **virtual platform** will take place **July 20-22, 2021**, along with the **Pop-Up Sourcing Showcase** that will join the traditional trade show floor presentation at the Javits Center to collectively create the largest sourcing event of the season.

New concept brings new opportunities. The newest concept, **"Pop-up Sourcing Showcase"** is a dedicated area on the show floor that will feature a unique display of the highest quality fabrics and garments provided by exhibitors from around the globe who cannot be present at the event. Suppliers will submit the best of their collections to be curated by New York-based trend agency, The Doneger Group.

The **"Pop-up Sourcing Showcase"** is streamlined and integrated with the Virtual Platform giving visitors a unique and interactive sourcing experience. Guided by

textile and apparel experts on-site, visitors will be able to touch and feel the fabrics, receive detailed product information through the virtual platform and communicate with participating exhibitors virtually.

In consideration of current global business climate and travel restrictions increased virtual participation of suppliers and with the safety of exhibitors, visitors as a key focus, organizer are confident that the procedures put in place will support a strong health strategy for face-to-face interaction.

Products covered include all types of Fabrics, Home Textiles and Apparel

Visitor Profile: North American apparel and home fashion retailers, brands, wholesalers/distributors, design firms/consultants, agents and buying offices
