Dear Member,

- It is the right fair to meet big buyers of Textile & Clothing in a high value market.

#### Trade Data

In the year 2020, EU (27) imported US\$ 130.77 billion worth of T & C from the world, of which, import from India was US\$ 5.54 billion, accounting for 4.24% market share.

European Union (EU 27) as a combined market is the largest importer of Textiles & Clothing (T&C) from India, accounting for 18.66% of total export of T&C from India during 2020.

Considering the higher spending capacity in EU 27 countries, as a block, it is the single largest market for the Indian export of T&C products.

However only 5.54 % of total import of T&C into EU was from India thereby offering scope for increasing market share by undertaking suitable marketing activities, such as participation in this established event to meet major importers in EU.
