Dear Member,

The year 2047 being the centenary anniversary of Independence of India, Govt of India is preparing a strategy document to make India a leading player across all products and services by means of capacity building, achieving higher rate of growth in production, export and economy as a whole.

As part of Vision India @ 2047, Ministry of Textiles seeks input on "Textiles Sector's Vision 2047" on the following points:

- 1) Developing Indian companies, both public and private, as global leaders by capacity building and improving competitiveness.
- 2) Identify focus areas in technology, sunrise and futuristic areas.
- 3) Assess disparities across regions and states, and suggest measures to reduce them to achieve overall growth.
- 4) Identify Strategic areas where India could aim to become world leader in a defined timeframe
- 5) Develop institutional expertise and excellence including Government process re-engineering
- 6) Roadmap for developing our institutions (Academic, Research and Think Tanks) as global leaders
- 7) Devise a system for institutional collaboration with foreign governments, international agencies and institutions
- 8) Benchmark our regulations, procedures and processes to international standards.

9) Gap analysis of domestic capabilities vis-à-vis the most advanced international capabilities

10) Roadmap / Steps to be taken within the current decade, with specific timelines and milestones, which would act as foundation for future growth

We request Members to provide their input / suggestions regarding above mentioned points so as to draw a road map to achieve Vision 2047 for the Textile Sector.
