Sub : Online Panel Discussion on 'Rupee-Rouble Trade: Opportunities & Challenges' Thursday, March 24, 2022 from 04:00 p.m. to 05:30 p.m.

Dear Member,

IMC Chamber of Commerce and Industry, Mumbai is organising an Online Panel Discussion 'Rupee-Rouble Trade: Opportunities & Challenges' on March 24, 2022.

The EU, the US and other western nations decided to impose sanctions and block many Russian banks from accessing SWIFT after Russia's invasion on Ukraine. Most of the world's trade take place through SWIFT, and sanctions impede Russia's ability to do business in other major currencies, target individual banks and state owned enterprises. India relies on Russia for crude oil, petroleum products, gold and other metals, precious stones, coal, fertilizers and others. So, the government is exploring ways to set up a rupee payment mechanism as the sanctions on Russia would disrupt trade. The rupee payment mechanism can allow Indian exporters to be paid in Indian rupees for their exports to Russia instead of standard international currencies such as dollars or euros.

Since transactions with Russia cannot be carried out in international currencies such as the dollar or the Euro, a rupee payment mechanism could play a pivotal role in deciding whether Indian exporters will get their payments and if trading can be continued with Russia.

Industry and Trade Committee of IMC Chamber of Commerce and Industry is organizing an online panel discussion on 'Rupee-Rouble Trade: Opportunities & Challenges' as per the following details:

Day and Date: Thursday, March 24, 2022

Time: 4:00 p.m. to 5:30 p.m.
