E-Serve No.: 198 of 2022 | Date: November 25, 2022

Sub : Invitation to TEXPROCIL organized Virtual Conference on Circularity and Recycling in Textiles' with CETI – European Centre for Textile Innovation on 30th November 2022 at 4:00 pm (IST).

Dear Member,

“Circularity, Recycling and Traceability” are becoming major trends across the world and gaining a lot of attention from the textile and apparel exporters. Even in India, a number of units are keen to understand and if possible make investments in full textile recycling plants.

In this regard, the Council is organising a virtual conference (VC) on 30th November 2022 at 4:00 pm (IST) with experts from CETI (European Center for Innovative Textiles), based in Paris, France.

CETI has been involved in collaborative projects in the fields of the circular economy, eco-design, recycling and smart textiles across Europe.

The VC will help the participants to understand about the various aspects of circularity, recycling technologies, and growing relevance of eco-design which are expected to gain prominence in the coming years.

Companies interested in participating in this online conference may kindly register at: <https://forms.gle/aeqQPkpCNq5n2Nbx7>

The Zoom link will be sent to the registered participants.

Being an esteemed member of the Council, we solicit your support to this initiative of the Council and invite you to participate and benefit from the discussions in the VC.

Regards,

Dr. Siddhartha Rajagopal  
Executive Director
