Sub : Inviting members to be a part of the Council's Young Exporters Group

Dear Member,

As you are aware, the textile sector has been undergoing many innovative changes with the advent of digital technology and e-commerce. Many new start-ups and e-design platforms have emerged changing the very contours of manufacturing and trading in the textile sector.

Many of the innovative practices are being spearheaded by young entrepreneurs and exporters with a median age of 35 years.

In view of these significant demographic developments and the need to encourage young exporters and entrepreneurs the Council invites young members below the age of 40 years to register and be a part of the Young Exporters Group (YEG).

The Group will meet every quarter and make suggestions on various policy matters while also discussing latest developments in facilitating and increasing trade on like e-commerce, exclusive online business portals etc.

Members interested in being a part of this Group may kindly [register here](#).

Dr. Siddhartha Rajagopal
