Sub : Withdrawal of EODC ONLINE Monitoring System

Dear Member,

DGFT has issued Trade Notice No. 24/2022-23 dated 12th January, 2023 ([copy enclosed](#)) on withdrawal of the Export Obligation Discharge Certificate (EODC) Online Monitoring System for Advance/EPCG Authorisations with immediate effect.

As you are aware, a system was designed by the DGFT for monitoring the progress of EODC applications of Advance/EPCG authorisations. All RAs were expected to input the data related to applications submitted by exporters.

However, after the implementation of the revamped DGFT IT systems, the redemption/EODC details of Advance/EPCG authorizations including IEC details, status of licence, redemption applied or approved, details of data transmission etc. are now accessible on DGFT website (<https://dgft.gov.in>) >>> Services >>> Info for Customs Authorities.

It was observed that –

-- In few cases of AA/EPCG, the EODC/closure issued manually during earlier periods was being incorrectly reflected in the online system and hence, exporters were provided with an alternative to confirm the status of past authorisations on DGFT website.

-- If the authorisation had been closed/redeemed, and the status was incorrectly reflected, then exporters were required to upload the copy of closure/redemption letter against the said Authorisation on <https://dgft.gov.in>. Services -- AA/DFIA/EPCG -- 'Manual EODC Update'.

-- RAs were also required to verify the submitted requests and update the status of the said cases after verification from their records.

Therefore, the instructions in respect to the usage of the earlier system have been withdrawn with immediate effect.

Members may kindly take a note of the above and do the needful.

Regards,

Dr. Siddhartha Rajagopal  
Executive Director
