Sub : DGFT simplifies Composition Fee for Export Obligation Extension under Advance Authorization Scheme for trade facilitation and ease of doing business

Dear Member,

DGFT has notified the amended rules for calculation of Composition Fee for extending Export Obligation under Advance Authorization Scheme by amending Para 4.42 of Handbook of Procedures (2015-20) vide Public Notice No.52/2015-20 dated 18th January, 2023 ([copy enclosed](#)). In this connection, Ministry of Commerce & Industry has issued a Press Release ([copy enclosed](#)).

A provision of the Handbook of procedures of the Foreign Trade Policy (FTP 2015-20) has been amended to simplify the process of levying composition fee in case of extension of export obligation period under advance authorisation scheme and for higher IT enablement of DGFT.

The previous formula for composition fee was complicated as well as confusing and hence, difficult to understand, which made the process more tedious and strenuous for exporters.

The Revised composition fee formula will –

- help automate the entire Export obligation process work with minimal human intervention.
- eliminate the risk of errors and misconception.
- be more efficient and easier to understand.
- be beneficial to exporters.
- reduce the time and effort required to complete the Export Obligation extension process.

Members may please make a note of the above.

Regards,

[Dr. Siddhartha Rajagopal](#)
