Sub: Request for Inputs on Non-Tariff Barriers

Dear Member,

Exports have been a key driver of economic growth for India, however, Indian exporters sometimes face various restrictions in the form of non-tariff barriers imposed by partner countries. This not only adds to their cost but also restricts greater access for Indian industry to these markets.

This is to inform you that FICCI is conducting a study on Non-Tariff Barriers faced by our Industry in major international markets. FICCI would submit its findings of this study to the government authorities for appropriate action.

In this context, it is kindly requested to share your inputs and feedback on Non-tariff measures imposed by Canada, Japan, Australia, Korea, European Union, UK and ASEAN countries pertaining to your exports. Please [click here](#) for a draft template for sharing the inputs. Kindly send the filled up template to Mr Shailesh Martis shailesh@texprocil.org latest by 12th July.

We look forward to receiving your feedback.

Regards,

Dr. Siddhartha Rajagopal
Executive Director
