Sub: Expansion of automatic LEO facility in ECCS

Dear Member,

CBIC has issued Circular No.19/2023-Customs dated 2.8.2023 ([copy enclosed](#)) on the expansion of automatic Let Export Order (LEO) facility in Express Cargo Clearance System (ECCS).

As you are aware, CBIC had earlier issued Circular No.41/2020-Customs dated 7.9.2020 enabling the facility of Automatic LEO in ECCS for those Courier Shipping Bills (CSB) which were not interdicted by Risk Management System (RMS) and were then cleared in Customs X-ray scanning process.

Based on inputs received from the stakeholders, measures for further enhancing ease of doing business were examined by the CBIC. Now, CBIC has decided that -

The auto LEO facility shall also be allowed upon X-ray clearance to CSB marked for 'assessment only', provided that CSB has been cleared under assessment and examination has not been mandated.

The Systems Directorate has confirmed the enabling of appropriate technical changes in the ECCS export workflow and shall issue an Advisory guiding the implementation of above decision.

Members may kindly make a note of the above.

Regards,

Dr. Siddhartha Rajagopal
Executive Director
