Sub: Invitation to attend the ITMF Annual Conference 2024 to be held in Samarkand, Uzbekistan during September 8 to 10, 2024

Dear Member,

The International Textile Manufacturers Federation (ITMF) is holding its Annual Conference 2024 jointly with IAF Global Fashion Convention 2024 (Intl. Apparel Federation) and will be co-hosted by the Uzbek Textile and Apparel Industry Association (UZTS). It will take place in the Congress Center in Samarkand, Uzbekistan from September 8 to 10, 2024. The general theme of this joint event is "Innovation, Collaboration & Regulation – Drivers of the Textile & Apparel Industry".

This special event will take place back-to-back with CAITME 2024 (Central Asian International Textile Machinery Exhibition), and the Uzbek Textile Exhibition which both will take place in Tashkent from September 11-14, 2024.

The ITMF, founded in 1904, has evolved from an international federation that represented the cotton spinning and weaving industry to an international forum that covers both cotton and man-made fibres and comprises all segments of the textile value chain from fibre producers to producers of garments and home textiles as well as textile machinery companies. ITMF's world-wide membership spans from Argentina to Uzbekistan, from South Africa to Portugal or from Türkiye to China and from India to Vietnam.

The new-elect Indian origin President of ITMF, Dr. K. V. Srinivasan, Past Chairman TEXPROCIL and Managing Director of Premier Mills, India, will chair the proceedings of the event. The preliminary programme and other information can be found on the following website: <https://www.itmf-iaf-conference-2024-samarkand.org/>

Uzbekistan's textile industry has been globally recognized for its prowess in cotton cultivation and export. The nation, renowned for producing high-quality cotton, has transitioned its focus to actively increasing the production of finished textile products.

The ITMF Annual Conference 2024 will provide the industry leaders an opportunity to take some time off to meet colleagues from different parts of the world. The event will bring together 400-500 delegates from Uzbekistan and around the world and facilitate the exchange of perspectives on Textile & Apparel trade in a fast-changing world.

Attending this conference in Uzbekistan which is rooted in a rich history dating back to the Silk Road era, will provide all delegates with first-hand insights and a better understanding of the ongoing dynamics in the industry both in Central Asia and around the world.

In case of any questions, please contact secretariat@itmf.org

Regards,

Dr. Siddhartha Rajagopal
Executive Director
