

E-Serve No.: 193 of 2025 | Date: November 07, 2025

Sub: Invitation to participate in Source Fashion, London from 13-15 January 2026

Dear Member,

This is to inform you that the Source Fashion London is being held from 13th to 15th January 2026 at Olympia, Hammersmith Rd, London W14 8UX.

Source Fashion is the number one destination to meet thousands of brands and retailers in the UK. Not only is it the largest event attended by UK buyers, but it is also Europe's largest garment manufacturing exhibition, attracting a global visitor audience. It also provides an effective platform for Indian suppliers of Apparel Fabrics.

Exhibiting at Source Fashion is a cost-effective and convenient way to be discovered by the UK's leading retailers who are all looking to source fabrics and apparel. Key buyers and sourcing directors from leading retailers and brands will be in attendance - all actively looking to establish new relationships and purchase from new suppliers in a sustainable way.

Why to participate?

- Meet high-profile buyers with procurement & supply chain responsibility – 79% of July 2025 attendees had sole or joint purchasing power and 81% had a top-tier job title (Business owner/ Senior Manager/Head of Department).
- Grow relationships with whole buying teams -Many companies register with a team of at least two, or more, decision makers to attend the show, offering you multiple contacts into a business.
- Increase your brand recognition in the UK - Source Fashion is the UK's leading fashion trade event, 93% of July 2025 visitors work for UK companies

Opportunities through India – UK FTA

The recently signed India-UK Free Trade Agreement (FTA) offers substantial opportunities to strengthen bilateral trade and investment. It improves market access for Indian textiles and apparel, with a duty-free access anticipated from 2026. This makes the current show an ideal platform for Indian exporters aiming to enter the UK market. With the FTA expected to come into effect next year, Indian suppliers of

fabrics can take advantage of this window to initiate sampling, ensuring their products are competitively priced once the agreement is ratified and comes into force.
