**Sub.: COVID 19 - Key highlights and information of significant T&C markets**

**Dear Member,**

As you are aware, India along with many other countries in the world is under lockdown due to the spread of Coronavirus. Most of the activities related to trade are either currently restricted or shut while it is also understood that some parts of the USA and EU are slowly opening up. On the other hand there are a few countries like China and Korea who are also returning to a normal functioning.

The Council has compiled certain key information on 15 significant T&C markets with inputs received from our respective Indian Missions, Textile Associations abroad as well as from various webinars organised during this lockdown period.

The Council takes this opportunity to share this brief compilation with you for which you may please [click here](#).

We look forward to any inputs that you may have regarding these markets at [info@texprocil.org](mailto:info@texprocil.org) so that the same can be supplemented and revised at our end.

Regards,

**Dr.Siddhartha Rajagopal**  
**Executive Director**
