To: Members of the Council

**Sub.: ITMF: 4th Corona-Survey**

**Dear Member,**

The International Textile Manufacturers Federation (ITMF) conducted a Corona-Survey at the end of April 2020 which revealed as to what extent the global textile industry is impacted by the Corona-pandemic. With orders down by more than 40% and expected turnover 2020 down by 33% compared to 2019, the global textile value chain is under enormous pressure. The results helped also to highlight to governments and the public to what extent the industry is suffering.

Looking at the overwhelming response rate for the third Survey, ITMF is conducting a **fourth survey (4th)** with the help of **Survey-Monkey**. **To complete the survey will take less than 3 minutes.**

**We request all our members to kindly participate in the survey by clicking on the following link.**
