E-Serve No.: 129 of 2019 | Date: November 19, 2019

To: Members of the Council

Sub.: ITMF - Cotton Contamination Survey 2019

Dear Member,

The International Textile Manufacturers Federation (ITMF), Switzerland is conducting its Cotton Contamination Survey since 1980 with cotton spinners around the world.

The result of this research helps raising awareness about the issues linked to cotton contamination and understanding how spinning mills are perceiving the cotton quality worldwide.

The survey covers 95 different cotton growing countries in Europe, America, Africa and Asia.

The ITMF contamination report which is published annually, based on the worldwide survey, is very useful to spinning mills and particularly to Indian spinners who seek to import contamination free cotton.

We request all the Spinning Mills to kindly fill in the attached questionnaire and send back direct to ITMF: olivier.zieschank@itmf.org attn. Mr. Olivier Zieschank and copy to ravi@texprocil.org

There are two options to fill in the attached questionnaire:

Option 1: Complete the questionnaire (word-file) and return it by e-mail (recommended)

Option 2: Print, complete by hand, scan and return questionnaire by e-mail.

[Click here](#) to download the questionnaire.

Please note that the deadline for returning the questionnaire is 10th of December 2019.

Regards,

N Ravindranathan
Director
