**Sub : Registration open for the Hybrid ITMF Annual Conference 2020 (October 20-22, 2020).**

**Dear Member,**

For the first time the International Textile Manufacturers Federation (ITMF) is holding its Annual Conference in a **hybrid format from 20-22 October 2020 in Seoul, South Korea.**

The **Hybrid ITMF Annual Conference 2020** is co-hosted by **Korea Federation of Textile Industries (KOFOTI)** and will feature international industry experts from around the world from along the entire textile value chain. As always, they will share their expertise and visions. This year, they will discuss specifically the way forward in the middle of the pandemic. Therefore, the conference general theme is **"The Corona-Pandemic: Re-shaping the Global Textile Supply Chain"**.

The first day of the conference will be held in a hybrid format with delegates from Korea meeting in Seoul, while all others will participate virtually. The second and third day will be virtual events only. As a live event, the conference delegates can participate actively by asking questions via the chat-function during the panel discussions.

The conference programme can be found on the [ITMF Conference 2020 Website](#) and is regularly updated.

To register you can either register directly [via this link](#) or on the [ITMF Conference 2020 Website](#). Kindly note that ITMF has offered a discount for TEXPROCIL members who can register themselves for the conference for **CHF 60 for three days (as against CHF 90 for non- members)**

Interested members are requested to register themselves at the Conference.

Regards,

**Dr. Siddhartha Rajagopal**

**Executive Director**
