Dear Member,

This has reference to TBT notification no G/TBT/N/TZA/242 dated 5th March 2019, issued by the Tanzania Bureau of Standards on specification for textiles - Woven, non-woven, Knitted and Lace Household Curtain and Drapery fabrics. The products mentioned in the notification falls under the HS Code 6303.

This Draft Tanzania Standard covers the performance specification required for all woven, knitted, stitch bonded and crocheted lace fabrics, bleached, dyed, printed, striped or checked meant for household curtain and drapery.

For those properties where fabric direction is pertinent, these requirements apply to the length and width directions for woven fabrics, and to both the course and wale directions of a knitted fabric.

For more details, please also refer the TBT notification ([click here](#)) and regulation ([click here](#)) attached in this mail.

Kindly forward your comments or suggestions to the Council at info@texprocil.org latest by 27th March 2019.
