Standard**

Dear Member,

It gives us great pleasure in informing you that TEXPROCIL is in the process of migrating from ISO 9001: 2008 to ISO 9001: 2015.

The ISO Standard which focuses on continual improvement will help TEXPROCIL strengthen its activities and enhance its quality of service by identifying the needs and enabling the designing of the appropriate development programs on a regular basis for the members. The ISO 9001 QMS also improves the communication within the organization and with all the stakeholders and other interested parties.

One of the key elements of the ISO standard is receiving feedback from the members. Enclosed is a 'Members Feedback Form' seeking your rating of the various services offered by the Council.

Please click here to download the 'Members Feedback Form' and send to:
