Sub: New Online Facility for submitting Technical Queries on Textiles Committee Website

Dear Member,

Greetings from The Cotton Textiles Export Promotion Council (TEXPROCIL).

We wish to inform you that the Textiles Committee (TC), Ministry of Textiles, Government of India, has introduced a new online Technical Query Submission Facility on its official website to support textile and apparel industry members in resolving technical and operational issues.

This facility enables stakeholders from across the textile value chain to submit technical queries online through a simple form. All queries are examined by the Technical Team of the Textiles Committee and responses are provided after due validation by subject-matter experts.

Key features of the facility include:

- Easy online submission without the need for formal correspondence
- Expert technical guidance from relevant divisions of the Textiles Committee
- A structured and transparent query-handling process
- Open access to all industry members across sectors and regions

The Technical Query Submission Module can be accessed at:

<https://textilescommittee.gov.in/industry-tech-issues/>

We encourage all member industries to make effective use of this facility for timely technical guidance and support.

In case your organisation is interested in a brief online demonstration or orientation session, the same can be arranged by the Textiles Committee.

For further details or coordination, you may contact:

Mr. Samuel
Quality Assurance Officer, Textiles Committee
Email: systems.tc@nic.in | Mobile: [9833766479](tel:9833766479)

We hope this initiative will be useful to your organisation and look forward to your active participation.

Regards,

Dr. Siddhartha Rajagopal
Executive Director
