Sub: Webinar on Trade Connect ePlatform with Deloitte India on Tuesday, 24th February 2026 | Time: 3:00 pm onwards

Dear Member,

We are pleased to inform you that Texprocil is organising a Webinar on the Trade Connect ePlatform in collaboration with Deloitte India.

The Trade Connect ePlatform, a flagship initiative of DGFT, Government of India, has been developed to digitally empower Indian exporters by providing product- and country-specific trade information, market intelligence and a range of export-related services.

The platform also facilitates interaction with international buyers and connects exporters with Indian Missions abroad, the Department of Commerce, Export Promotion Councils, EXIM Bank and other stakeholders for guidance and support.

Through the upcoming Webinar exporters will gain:

- A detailed walkthrough of the portal's features and registration process
- Insights into raising and tracking queries related to foreign trade
- Guidance on leveraging the portal for policy clarifications, scheme benefits and trade facilitation
- Direction on resolving operational challenges effectively

With several new Government schemes expected shortly, exporters are encouraged to familiarise themselves with the portal to ensure seamless access to benefits and avoid operational challenges. This session will be highly beneficial for exporters to better understand how to use the portal efficiently for smooth export operations and government interaction.

Topic: Navigating through Trade Connect ePlatform
