Sub: Company Profile Submission for TEXPROCIL Digital Membership Directory.

Dear Member,

We are in the process of creating a Digital Membership Directory of our member companies.

This directory will be hosted on the Council's website and shared with Indian Missions abroad and Foreign Missions in India with an objective of promoting the business interests of our member exporters.

The proposed Digital Directory will serve as an important information and

networking platform for buyers, allied trade bodies, government agencies, and other stakeholders seeking reliable Indian suppliers in the cotton textile sector.

OBJECTIVE

The main objectives of developing this Digital Membership Directory are:

-- To Enhance Global Visibility of Members: The directory will showcase member companies and their products to international buyers, Indian Missions abroad, and Foreign Missions in India.

-- To Facilitate Trade Enquiries: By providing easy access to company profiles and product information, the directory will help to generate direct trade enquiries from overseas buyers.

-- To Strengthen Market Promotion Efforts: The directory will be used as an official reference document during international trade fairs, buyer-seller meets, delegations, and other promotional activities organised by the Council or participation by the council in overseas/domestic events.

-- To Create a Verified Exporter Database: It will serve as a structured database of TEXPROCIL member exporters, which can be shared with government departments, trade promotion and international stakeholders.

-- To support Export Promotion Initiatives: The information will assist the Council in promoting members across global markets through various digital and physical outreach initiatives.
