**ACHIEVING EXCELLENCE IN  
GLOBAL TRADE THROUGH SKILLS,  
KNOWLEDGE CAPACITY BUILDING**

**ADVANCED CERTIFICATE PROGRAMME IN INTERNATIONAL TRADE (ACPIT)**

TEXPROCIL is pleased to announce the launch of the Advanced Certificate Programme in International Trade (ACPIT), a comprehensive capacity-building initiative aligned with the strategic vision of the Government of India to strengthen India's export ecosystem.

#### WHY ACPIT? WHY NOW?

##### This initiative draws its foundation from

- The **Export Promotion Mission (EPM)** approved by Government of India in November 2025, which emphasizes skill development, capacity building, and institutional strengthening under the **Niryat Disha framework**
- In accordance with the provisions of the **Foreign Trade Policy (FTP)**, particularly the mandate under **Para 1.30**, which encourages **Status Holders** to actively contribute towards mentoring and training in international trade.

TEXPROCIL's ACPIT has been carefully designed to provide 360-degree practical skilling in international trade, catering to the evolving needs of the industry.

The course structure comprises eight dedicated modules, covering key aspects of global trade including documentation, logistics, compliance, market access, trade finance, and export promotion strategies with detailed case studies.

The aim of this program is to.

- Equip exporters, professionals, and aspiring entrepreneurs with hands-on, industry-relevant knowledge
- Support the Government's vision of creating a skilled export workforce
- Enable Status Holders to effectively fulfil their training and mentorship obligations under FTP
- Strengthen India's competitiveness in global markets through capacity enhancement
